

Declaration on honour

for sustainable travel ("Green Travel") in Erasmus+ placements

Students as well as graduates who receive Erasmus+ funding for an internship abroad¹ and use low-emission means of transport for the main part of the trip (at least 50% of the mobility) can receive additional funding for sustainable travel. Low-emission means of transport are in particular **bus, train and carpooling**.

The top-up for sustainable travel includes a one-off payment of 50 euros. In addition, depending on the duration of the trip, up to four days of travel can be funded with the respective Erasmus+ funding rate².

To apply for the top-up for sustainable travel, submit this form by e-mail to auslandspraktikum@uni-passau.de **before the start of your mobility**. Travel documents (booking confirmations, tickets, etc.) do not need to be presented. However, keep them for five years for a possible verification. The travel documents suitable for verification must be submitted in original³ to the University of Passau upon written request within a period of two weeks.

Personal data

Last name, first name:	
Date of birth:	
Matriculation no.:	
Address (street, postcode, city):	

Internship abroad

Company/Institution:	
Internship period:	
Land:	

Outward journey

Means of transport for the outward journey:	
Period of the outward journey: (actual duration of travel) ⁴	from (day/month/year) to (day/month/year)
