

# Flowering meadows

#natur #design #bio #research  
#texts #sustainability #creative #handicraft

Approx. 1.5 hours/week,  
flexible, also possible in  
small blocks

All degree programmes

German and/or English  
language skills

**Kick-Off, 25.April.,  
6 pm, ISA**

# What is the project about?

**Making the university and campus more sustainable** by participating in the **Sustainability Hub** of the University of Passau

To label **flowering meadows at the University of Passau** and thus increase people's awareness of their surroundings and encourage them to imitate them

All details will be available at the **kick-off on April 25, 6 p.m. at the ISA.**

# What do I have to do?

## Writing inspiring texts and getting creative

The Sustainability Hub is looking for enthusiastic people who would like to create scientifically informed, **captivating texts** and **appealing designs** for the labeling. The signs will then be installed on campus. The texts will be written **in both English and German** to ensure inclusive access.

# Requirements & others

## **What you should bring:**

- Fun researching an unknown topic
- Fun in the production of texts and designs
- German and/or English language skills

## **The Sustainability Hub offers:**

- Guidance from the climate protection manager
- Tasty vegetables and herbs from the student garden

# Cooperation partner
