# What is the project about?

Like everywhere else, daycare centers (kindergartens) have become increasingly colorful in recent years - especially when it comes to the nationalities of the children.

**The Passau daycare centers "St. Elisabeth" in Spitalhofstraße and "St. Korona" in Patraching** are particularly colorful with children from many nations.

With **bilingual readings in Croatian and Russian**, we want to give the children with these mother tongues an **empowering** experience and at the same time offer the children with German as their mother tongue an **intercultural experience**.

Our cooperation partner Caritas is the largest charitable organization in Germany and organizes the social work of the Catholic Church. The association is also responsible for 88 day care centers.

# What do I have to do?

- **Research** short bilingual children's books (possibly from your own home country or your own childhood)
- **Preparation and implementation of readings** with small interludes or pictures from the countries, etc.
- Discussion of all details with the daycare center management before implementation
- Implementation on fixed dates at the St. Elisabeth daycare center in Spitalhofstraße (Croatian) and St. Korona in Patriching (Russian)

**Exact details on the languages and who will take on which task and what needs to be done will be clarified with the Caritas contact persons at the kick-off on April 25 at 6 pm**

# Requirements & others

## What you should bring with you:

- **Bilingual tandems** with the following languages **Croatian-German and Russian-German** are especially desired for the daycare centers
- Enjoying organizing an event
- Enjoy working with children
- Willingness to work together with the daycare center management in a spirit of mutual trust
