What do I have to do?

Talking, playing, cooking and baking with senior citizens in a retirement home

The tasks are:

- Search for games
- Look for recipes and procure ingredients
- Organize playing/cooking/baking together
- Maintaining contact with those responsible at the retirement home
- Advertising, PR and social media
- Play along, bake along, cook along!

Where do I do that?

The cooking in the retirement home is organized by the Passau association “**Gemeinsam Leben und Lernen in Europa e.V.**” (GLL) and the associated university group “**Gemeinsam aktiv!**” (Active Together!)

GLL is a non-profit organization in Passau that works to promote better coexistence in society and organizes encounters between a wide variety of people. The association and the university group work together to implement projects that promote **tolerance, diversity and equal opportunities**.

If you are interested, you can also take part in other projects of the association.

Why you should take part

What participants from the last semester say about the project:

This voluntary work is a pleasant balance to everyday university life. You get to know lots of great and interesting people. I learn to take on responsibility, coordinate projects and exchange ideas with other people.

“I really appreciate the fact that I could always participate in all events when I wanted to and push them further, organize them and carry them out. Of course, the international exchange is particularly exciting and you get to know a lot of new people while at the same time contributing to the integration and networking of everyone.”
