

Dear students, we have the pleasure to inform you that the third edition of the Summer School '***The European Identity: Past, Present, and Future***' organized by the International Office of the University of Strasbourg, will take place **from June 16th to 26th, 2026**. During these two weeks, you will attend high-quality interdisciplinary courses exploring various aspects of European culture, politics, law, history, as well as society, taught by renowned professors and researchers with international experience. This broad scope of topics will provide an opportunity to develop a deeper understanding of European integration, governance, and global challenges. Academic courses will go hand in hand with meetings and discussions with representatives of European institutions, as well as guided tours, in order to discover the unique cultural heritage of Strasbourg's region, located at the very heart of Europe.

Why Should You Participate in This Summer School?

The European Summer School at the University of Strasbourg attracts students from all over the world and the lectures involve dynamic debates, therefore offering a platform to share ideas and engage with different perspectives. By attending this program, you will build up academic knowledge, be immersed in an international environment allowing you to appreciate a diversity of cultures, expand your network, and above all, gain unique enriching personal experiences.

A little bit more about Strasbourg and its surroundings:

Strasbourg is considered a 'Capital of Europe' because it hosts key European institutions, including the European Parliament, the Council of Europe, and the European Court of Human Rights. During the Summer School, you will have the chance to visit these institutions, engage with experts, and gain firsthand insight into the workings of European Institutions.

Furthermore, Strasbourg is a vibrant, culturally rich city, offering a mix of French and German influences due to its history, which is noticeable through the city's architecture, traditional museums and local cuisine. And, last but not least, its central location allows you to take a train and easily travel to other European cities, like Paris, Brussels, Berlin, or Geneva.

The registration fee is **1850 euros**.

- **Services included in this fee are the following:**

- Academic courses.
