

Easter in Passau

The Easter holidays will happen during the Orientation Weeks, from April 3rd to April 6th, 2026. Although the International Office of the University of Passau does not offer a programme, there is a wide range of free-time activities in and around Passau.

In the well-known cathedral St. Stephan, there are different church services during Easter, partly with organ concerts on the largest catholic cathedral organ in the world. Further information and events can be found on the web pages of the bishopric (www.bistum-passau.de) as well as the student unions KSG and ESG (www.esg-passau.de, www.ksg-passau.de).

Further information on events can be found here: www.passau.de/aktuelles/veranstaltungen/veranstaltungskalender/.

A list of bikeways for bike trips and hikes as well as different sports venues and sports associations is published on the web page of the city of Passau: www.passau.de
