

Presentation of the department of social counseling

Tasks of social counseling:

- we provide financial advice during your studies
 - advice on student jobs or scholarships
 - hardship funds concerning necessary basic expenses
- we support and advise international students, students with children and students with disabilities or chronic illnesses
- we give advice to solve personal and social problems
- we work together with international tutors and tutors in residential complexes
 - tutors answer your questions and develop sport and cultural programs

Presentation of the department of social counseling

Tasks of the social counseling:

- we implemented the program of kitchen responsables and welcome-guides in the residential complexes
 - the goal is good cooperation and communal live at the student residency
 - welcome-guides make the arrival of international students easier
 - kitchen responsables provide advice to the residents concerning waste separation and cleaning
- we cooperate with other advice centers of the University of Passau such as international office, family office, and counseling for students with a handicap
