iStudi Pass: how does it work?

- Attend at least six training measures from five of the following modules to get your certificate:
 - Application skills
 - Company networking
 - Intercultural skills
 - German language skills
 - Degree success*
 - Volunteering*

Find all details, registration options and recommended events online:

iStudi Pass: why to attend?

„Guys, participate in this programme without any considering! It will broaden your horizons in the field of career in Germany. Attend all events even if you have already a stamp in that particular module!“

„It was simply infotainment (information + entertainment)“

„I would definitely recommend this program for every student considering the fact that I managed to get a job offer with no prior work experience.“

...say international students who have completed the programme.
