MEGATREND MAP

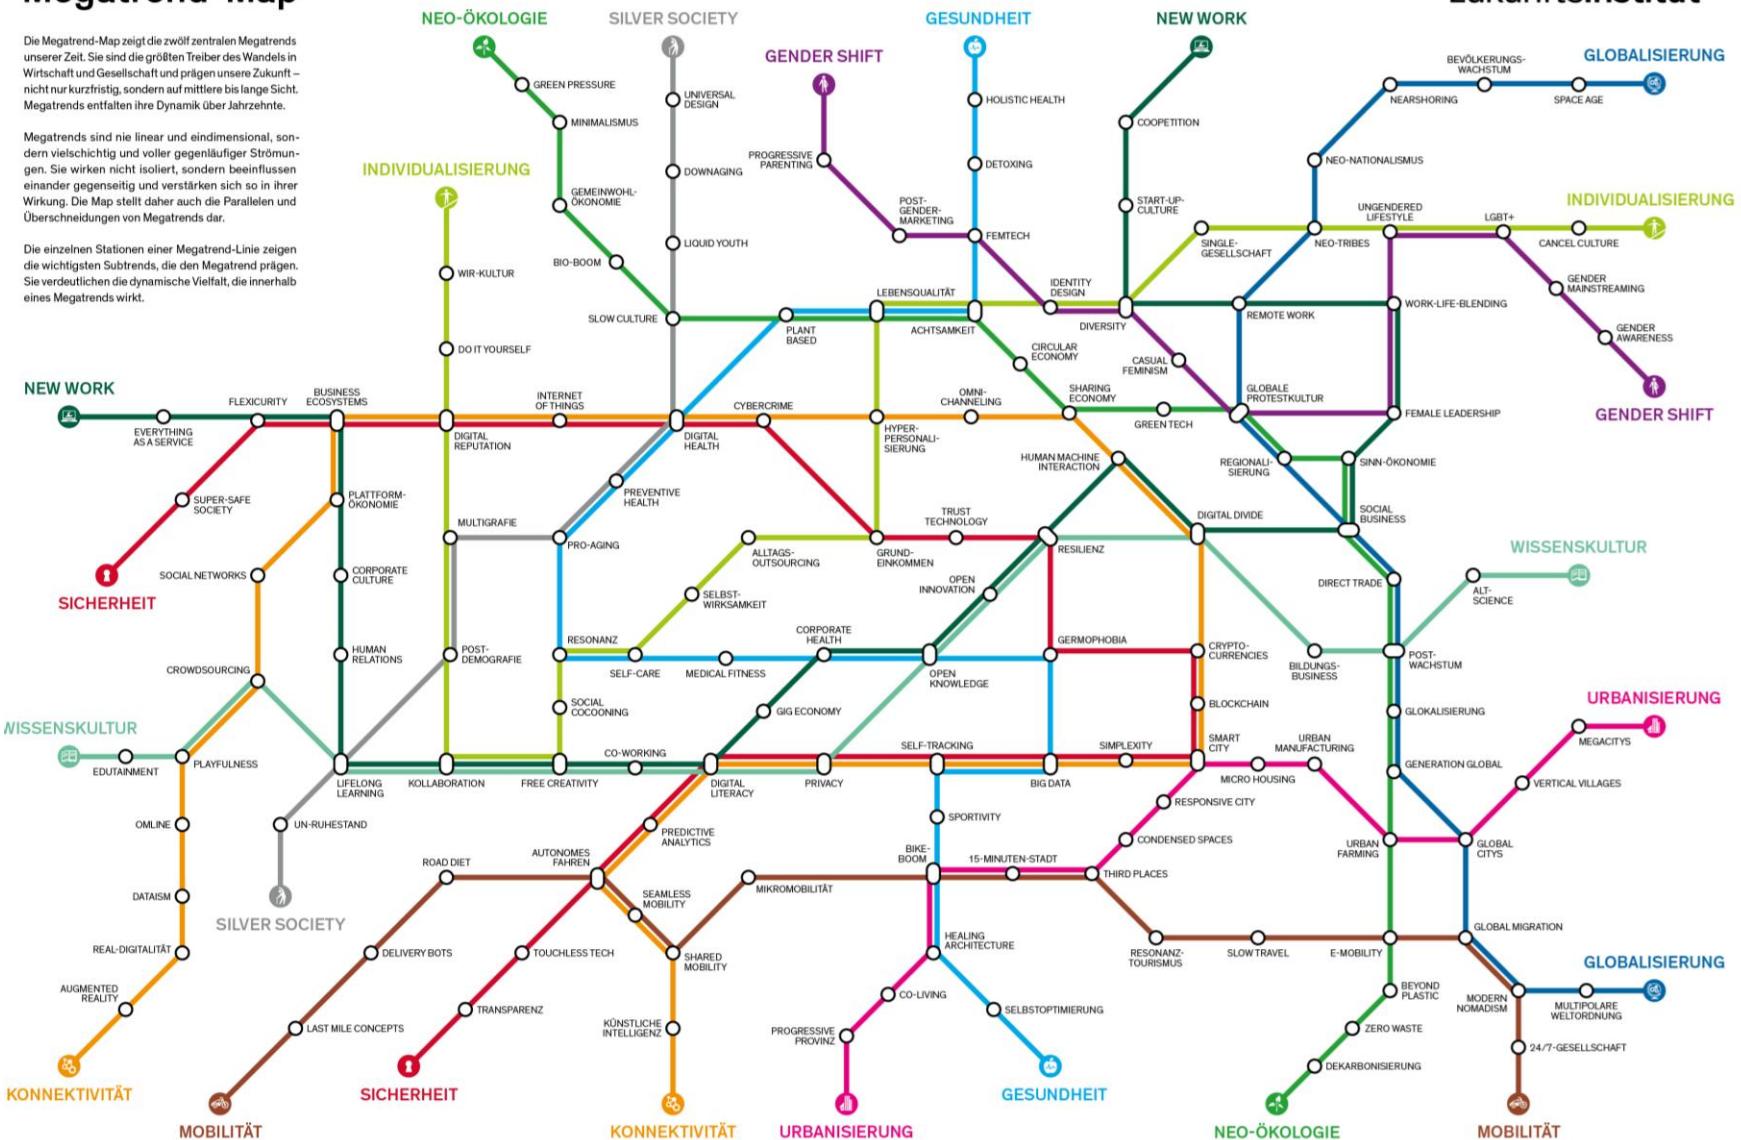

Megatrend-Map

Megatrend-Map

Die Megatrend-Map zeigt die zwölf zentralen Megatrends unserer Zeit. Sie sind die größten Treiber des Wandels in Wirtschaft und Gesellschaft und prägen unsere Zukunft – nicht nur kurzfristig, sondern auf mittlere bis lange Sicht. Megatrends entfalten ihre Dynamik über Jahrzehnte.

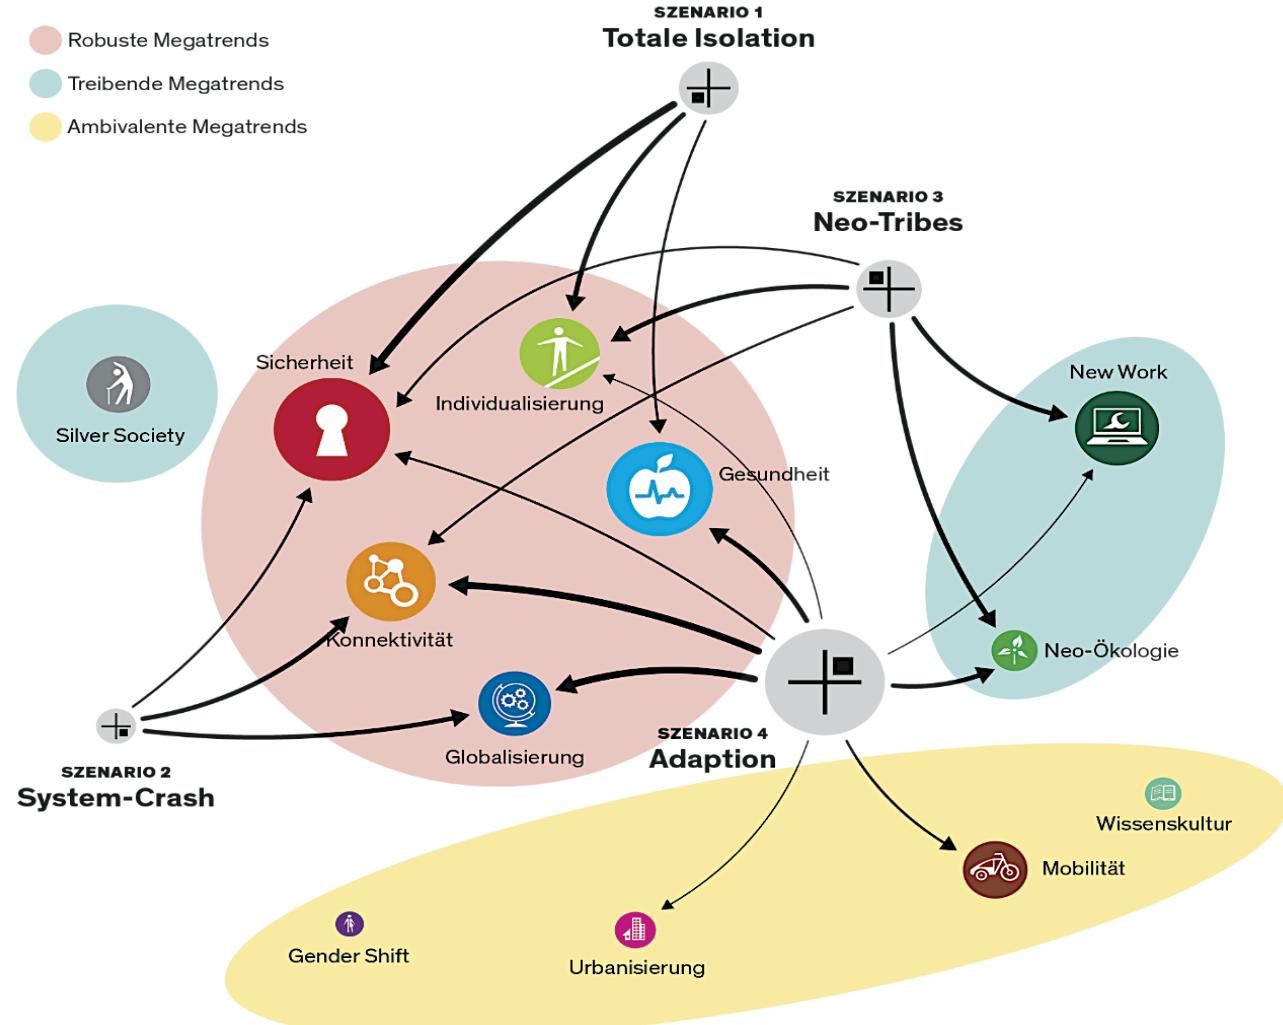

Megatrends sind nie linear und eindimensional, sondern vielschichtig und voller gegenläufiger Strömungen. Sie wirken nicht isoliert, sondern beeinflussen einander gegenseitig und verstärken sich so in ihrer Wirkung. Die Map stellt daher auch die Parallelen und Überschneidungen von Megatrends dar.

Die einzelnen Stationen einer Megatrend-Linie zeigen die wichtigsten Subtrends, die den Megatrend prägen. Sie verdeutlichen die dynamische Vielfalt, die innerhalb eines Megatrends wirkt.
